

AIR SAVING

IMPACT BLOW GUN

**High Peak Pressure Type
IBG1 SERIES**

**Compact Type
IBG2 SERIES**

PEAK PRESSURE

UP TO 3 TIMES OR MORE

AIR CONSUMPTION

87% REDUCTION

OPERATION TIME

97% REDUCTION

FEATURES

- 01 INCREASED IMPACT FORCE**
Due to higher peak pressure
- 02 INSTANTANEOUS AIR BLOW**
Reduces air consumption and operation time

- 03 HIGH PEAK PRESSURE TYPE**
Peak pressure 3 times or more
- 04 COMPACT TYPE**
13% less occupied volume & 21% weight reduction

APPLICATIONS

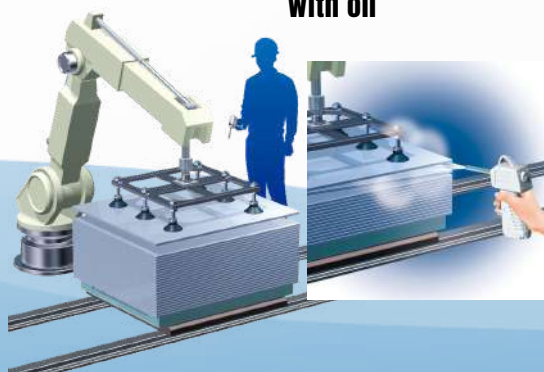

For the quick removal of machining chips coated with oil

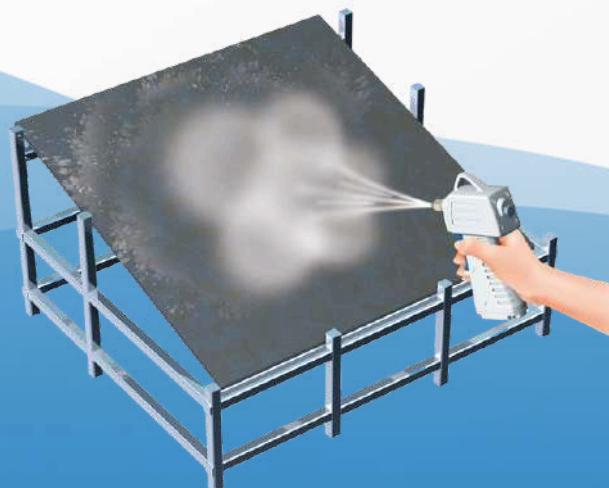

For the removal of foreign matter with a single shot from a distance

For the separation of workpieces stuck together with oil

For finishing the removal of water droplets
